Item	Size	Price	Notes
Fruit Trees			
Mango - Coconut Cream	3g	\$45	Extremely popular variety. Fiberless, taste is the perfect balance of sweetness with hints of coconut flavor.
	7g	\$70	
Mango - Lemon Meringue	3g	\$45	Great tasting variety from Asia. Fruits do in fact taste like lemon meringue pie.
Avocado - Choquette <i>OUT OF STOCK</i>	3g	\$45	Popular variety, fruit is rich and nutty, similar to Hass.
Sapodilla - Makok	3g	\$50	Deliciously sweet fruit, tastes like a pear soaked in brown sugar. Trees are very heat/drought tolerant and look beautiful in the landscape.
Fig - Brown Turkey	3g	\$30	Figs are great as potted trees. Very easy to maintain. Multiple crops per year.
Carambola (Starfruit) - Fwang Tung	3g	\$45	Refreshing, juicy tropical fruit. Trees are beautiful and very productive, making 2-3 crops per year. This variety is a light yellow color.
Mulberry - Florida Giant	3g	\$35	Very well adapted tree, easy to maintain. Produces loads of berries in spring. Responds well to heavy pruning, so you can keep trees small.
	7g	\$60	
Mulberry - Dwarf Everbearing	3g	\$40	This variety produces several crops per year, especially in response to pruning.
Guava - Ruby	3g	\$45	Pink fleshed fruit. Guavas are well adapted to tropical climates and respond well to pruning.
Canistel (Eggfruit)	1g	\$20	Very unique fruit. Rich, sweet flavor, texture similar to hard boiled egg yoke, hence the name. Custardy texture if ripened longer.
Black Sapote (Chocolate pudding fruit)	7g	\$60	Chocolate pudding fruit. Large canopy tree, very productive when mature. When properly ripened, fruit has similar texture/taste to chocolate pudding.
	3g	\$30	
Barbados Cherry <i>OUT OF STOCK</i>	3g	\$35	Tasty sweet/tart tropical cherry, high vitamin C content. Produces 2-3 crops per year.
	7g	\$65	
Loquat - Champaign	3g	\$50	Beautiful evergreen tree which makes a yearly crop of sweet yellow fruit, similar to peaches.
Loquat - Golden Nugget	3g	\$50	
Passionfruit - Possum Purple	3g	\$50	Vigorous vine with stunning blooms. Produces loads of fruit after the first year. Attracts the gulf fritillary butterfly.
Coconut - Dwarf Malayan	3g	\$20	Green coconut variety which starts producing around 4 feet tall.
Jackfruit - Seedling	3g	\$25	Delicious tropical fruit, and a beautiful tree. Refreshing flavor similar to juicy fruit gum.
Papaya	4"	\$5	Fast producing tropical fruit. Planting 2-3 is recommended for pollination.
Papaya	1g	\$8	
Papaya	3g	\$20	
Banana - Namwah	3g	\$30	Very tasty variety, hints of kiwi flavor. Fast growing, produces large bunches. 12-15 feet
Banana - Manzano	3g	\$30	Great variety for backyard growing, will produce the first year. 8-10 feet.
Banana - Dwarf Plantain	7g	\$35	Cooking type fruit. 8-10 feet.
Banana - Praying Hands <i>OUT OF STOCK</i>	7g	\$30	Dessert banana, rich sweet flavor. Banana fingers are fused together. 12-15 ft
Banana - Dwarf Cavendish	3g	\$20	Common banana variety sold in grocery stores. 6-8 feet
Moringa "The Miracle Tree"	3g	\$20	Super nutritious leaves. Fast growing, very adaptable tree. Grow your own vitamins and minerals.
	4g	\$40	
Bay Rum	3g	\$60	Leaves have a striking sweet/spicy fragrance, can be used in cooking similar to bay leaves.
Sugar Apple	3g	\$45	Sweet, unique fruit related to Guanabana. Trees stay small.
Guanabana (Soursop)	3g	\$35	Very delicious fruit- creamy, sweet, and tart. Leaves can be used for a cancer-fighting tea.
Tamarind	3g	\$25	Tart fruit grows in pods, used in cooking and for snacking. Beautiful landscape tree. Nitrogen fixer- needs no fertilization.
Pineapple	3g	\$20	Easy to grow tropical fruit, can produce fruit in a container. Separate pups as they appear for more plants.
Dragonfruit (White flesh)	1g	\$15	A climbing cactus with brilliant blooms, and delicious fruit. Needs a trellis or tree to climb. Loves water and well drained soil.
	3g	\$35	

Dragonfruit (Red flesh)	1g	\$20	" " Harder to find red-fleshed fruit.			
Mysore Raspberry	1g	\$20	Vigorous canes which produce well in the tropics. Can produce two crops of berries per year.			
Perennials						
Elderberry (<i>Sambucus nigra</i>)	3g	\$20	Native to Florida, beautiful in the landscape. Blooms year round and produces dark edible berries.			
Edible-leafed hibiscus (<i>Abelmoschus manihot</i>)	3g	\$20	The most tender, best tasting edible hibiscus I've found. Great raw or cooked. Very low maintenance.			
Aloe Vera	1g	\$8	Nutritious and helps with sunburn relief. Grows well in the shade.			
	3g	\$20				
Katuk "Sweet Leaf"	1g	\$10	A perennial leafy green from the rainforest, loves shade and water. Leaves have a distinct pea flavor and high protein content.			
Blue Porterweed	3g	\$20	Native shrub, produces stalks of edible deep blue flowers year round. Attracts pollinators.			
Florida Damiana (<i>Turnera Ulmofolia</i>)	3g	\$20	Native flowering shrub which blooms bright yellow flowers every morning. Leaves can be used for a relaxing tea, also an aphrodisiac.			
Cranberry Hibiscus (<i>Hibiscus acetosella</i>)	3g	\$15	Tart leaves have a zingy flavor, great added to salads. A nice contrast to the landscape. Perennial and will self seed.			
Mexican Bush Sage, purple (<i>Salvia leucantha</i>)	3g	\$20	Drought tolerant perennial. Makes bright purple flower spikes, with an attractive smell.			
Beautyberry (<i>Callicarpa americana</i>)	3g	\$20	Attractive bush, native to FL. Produces clusters of bright purple berries, great for attracting birds. Leaves can be used to repel mosquitoes.			
Chaya/Tree Spinach (<i>Cnidoscolus aconitifolius</i>)	cuttings (4)	\$8	Easy to grow, makes edible leaves (must be cooked). Blooms attract pollinators. Stick cuttings directly in ground and water in, they will start growing within a week.			
Cassava/Yuca (<i>Manihot esculenta</i>)	1g	\$8	Tropical root crop. Dig after 9 months of growth, then cook yuca con mojo!			
Comfrey (<i>Symphytum officinale</i> var. "Bocking 14")	1g	\$8	Dynamic nutrient accumulator, used for mulch or compost tea. Part shade. Bocking 14 variety.			
African Potato Mint (<i>Plectranthus esculentus</i>)	OUT OF STOCK	4g	\$6	Unique edible tuber with texture similar to water chestnut. Ground cover.		
Holy Basil (Tulsi)	OUT OF STOCK	6"	\$4	Fragrant, heat tolerant basil variety - makes a great adaptogenic tea.		
Rosemary	6"	\$5	Fragrant culinary herb. Heat and drought tolerant.			
Cuban Oregano (green)	4"	\$3	Fragrant herb with succulent leaves. Can be used like Italian oregano. Part shade, works well as a houseplant.			
Cuban Oregano (variegated)	4"	\$3				
Cuban Oregano (dragon)	4"	\$3				
Longevity Spinach (<i>Gynura procumbens</i>)	1g	\$8	Edible leafy green, goes great in salads. Grows fast, full sun to part shade. Ground cover.			
	3g	\$15				
Brazilian Spinach (<i>Alternanthera sissoo</i>)	6"	\$5	Attractive low shrub with edible leaves. Can be cooked or eaten raw.			
Malabar Spinach (<i>Basella alba</i>)	OUT OF STOCK	4"	\$3	Vining, heat tolerant tropical spinach. Easy to grow up a trellis or fence. OUT OF STOCK		
Turmeric - Indira Yellow	1g	\$8	Golden spicy rhizome, used in cooking and medicine. Anti-inflammatory properties. Grows well in part shade.			
Turmeric - Hawaiian Red	1g	\$8				
Dwarf Poinciana "Pride of Barbados"	3g	\$25	Not a relative of the towering royal poinciana, but blooms and foliage look very similar and the tree stays dwarfed. Great in the landscape, attracts hummingbirds.			
Coming soon...						
Tobacco (<i>Nicotiana tabacum</i>)			Grow your own smoke! Homegrown & dried tobacco is much healthier and flavorful than any purchased tobacco product.			
Tomatoes - Everglades			Florida native tomato variety, produces tons of small red cherry tomatoes. Pest & disease resistant.			
Perennial Peanut			Excellent nitrogen-fixing ground cover. Easily suppresses weeds, and produces lots of edible yellow flowers.			
Assorted veggie starter plants will be available as the Fall gardening season approaches...						
Arugula, Kale, Basil, Cilantro, Parsley, Tomatoes, Peppers, Eggplant, etc...						
Let us know if you are looking for something specific!						
<p>Please be aware that this list is constantly being updated- new varieties added, sizes/prices changed, availability may vary. Additionally, there may be many more plants available at our nursery that aren't listed here. We encourage you to stop by and see what's growing on, and let us know if you are looking for a particular plant. Cuttings and seeds will be showered upon nursery visitors as a "thank you" for your business!</p>
