Item	Size	Price	Notes
Fruit Trees			
Mango - Coconut Cream Lemon Meringue Orange Sherbet Maha Chanook Pickering Edward Nam Doc Mai Malika Sugarloaf Sweet Tart Carrie Duncan Honey Kiss Julie and many more...	3g	\$35.00	Many excellent varieties of mango do well in south Florida and can be grown in any size yard with regular pruning. Let us know what you are looking for or if you'd like us to recommend a variety for your taste - we've tried dozens!
	7g	\$75.00	
	15g	\$120.00	If planting multiple trees we recommend an early, mid and late season type to extend your mango season.
Avocado - Brogdon (B) Choquette (A) Day (A) Winter Mexican (B) Hall (B) Lula (A) Florida Hass (A)	3g	\$35.00	Late summer/ Fall bearing trees, likes full sun and well draining soil. Easy to grow.
	7g	\$75.00	
	15g		We recommend planting an A and B type for best pollination and fruit set, although they will produce without a pollinator.
Sapodilla	3g	\$40.00	Deliciously sweet fruit, tastes like a pear soaked in brown sugar. Trees are very heat/drought tolerant and look beautiful in the landscape.
	7g	\$75.00	
Fig - Brown Turkey Black Mission Magnolia Texas Everbearing	3g	\$35.00	Figs are great as potted trees. Very easy to maintain. Multiple crops per year.
	7g	\$60.00	Nothing is better than a tree ripened fig!
Carambola (Starfruit) - Fwang Tung Kari Sri Kembangan Arkin Bell	3g	\$40.00	Refreshing, juicy tropical fruit. Trees are beautiful and very productive, making 2-3 crops per year.
	7g	\$75.00	Carambola is happy in partial shade, giving you more options for placement in your yard. Trees are easily kept small and will often bloom in response to pruning.
Mulberry - Florida Giant Dwarf Everbearing Pakistani (Coming soon)	1g	\$15.00	Very well adapted tree, easy to maintain. Produces loads of tasty berries in spring. Responds well to heavy pruning, so you can keep trees small.
	3g	\$35.00	The easiest berry to grow!
Bay Rum (Pimenta racemosa)	7g	\$75.00	Very fragrant leaves, similar to allspice. Can be used in cooking.
Atemoya	7g	\$75.00	Cross between sugar apple and cherimoya. Very sweet fruit with custard like texture.
Guava - Ruby Supreme	3g	\$35.00	Pink fleshed fruit. Guavas are adapted to tropical climates and respond well to pruning.
Black Sapote (Chocolate pudding fruit)	3g	\$20.00	Chocolate pudding fruit. Very productive when mature. When properly ripened, fruit has similar texture/taste to chocolate pudding.
Barbados Cherry - Florida Sweet	3g	\$30.00	Tasty sweet/tart tropical cherry, high vitamin C content. Produces 3-4 crops per year.
	7g	\$60.00	
Loquat - Champaign Golden Nugget Christmas Sherry	3g	\$35.00	Beautiful evergreen tree which makes a yearly crop of sweet yellow fruit, similar to peaches.
	7g	\$70.00	Fruits are ripe in late winter or early spring.
Passionfruit - Possum Purple	3g	\$30.00	Vigorous vine with stunning blooms. Produces loads of purple fruit twice a year. Attracts the gulf fritillary butterfly.
Jackfruit	3g	\$25.00	Delicious tropical fruit, and a beautiful tree. Refreshing flavor similar to juicy fruit gum. Fruits can weigh up to 100 pounds!
	4g	\$40.00	
Papaya	4"	266	Fast producing tropical fruit. Planting 2-3 is recommended for pollination. SOLD OUT TIL SPRING 2020
	4g	\$8.00	
	9g	\$20.00	
Banana - Namwah Dwarf Brazilian Dwarf Cavendish	3g	\$25.00	Bananas are one of the easiest fruits to grow in Florida. Loves lots of water and organic matter.
	7g	\$45.00	Can be grown in partial shade and doesn't take up much space.
Strawberry Tree (Muntingia Calabura)	3g	\$35.00	Produces red berries which taste like cotton candy. Easy to grow, produces year round.
Moringa "The Miracle Tree"	3g	\$25.00	Super nutritious leaves. Fast growing, very adaptable tree. Grow your own vitamins and minerals.
	1g	\$10.00	
Guanabana (Soursop)	3g	\$35.00	Very delicious fruit- creamy and sweet. Leaves can be used for a cancer-fighting tea.
	7g	\$66.00	
Pineapple - Elite Gold White Jade	4g	\$40.00	Easy to grow tropical fruit, can produce fruit in a container. Separate pups as they appear for more plants.
	3g	\$20.00	
Dragonfruit - White Red	1g	\$15.00	A climbing cactus with brilliant blooms, and delicious fruit. Needs a trellis or tree to climb. Loves water and well drained soil.
	3g	\$35.00	
Mysore Raspberry	9g	\$25.00	Vigorous canes which produce well in the tropics. Can produce two crops of berries per year. MORE AVAILABLE SPRING 2020
Natal Plum	1g	\$10.00	<i>Carissa macrocarpa</i> . Evergreen bush - makes white blooms which turn into bright red fruit. Tastes like a strawberry mixed with raspberry
Perennial Vegetables			
Longevity Spinach (<i>Gynura procumbens</i>)	1g	\$8.00	Edible leafy green, goes great in salads. Grows fast, full sun to part shade. Ground cover.
	3g	\$20.00	
Okinawa Spinach (<i>Gynura bicolor</i>)	3g	\$20.00	Close relative of Longevity spinach, more tender, leaves have deep purple underside. Slower growing
	1g	\$8.00	
Edible-leaved hibiscus (<i>Abelmoschus manihot</i>)	1g	\$8.00	The most tender, best tasting edible hibiscus I've found. Great raw or cooked. Very low maintenance.
Cassava (Yuca)	1g	\$6.00	Super easy, calorie dense root crop. Plant in full sun and dig after 8 months. Low maintenance Grow your own yuca can mojo!
	4"	\$3.00	

Cuban Oregano (green, variegated white/green)	1g	\$6.00	Fragrant herb with succulent leaves. Can be used like Italian oregano. Part shade, works well as a houseplant.
Brazilian Spinach (<i>Alternanthera versicolor</i>)	4"	\$3.00	Attractive low shrub with edible leaves. Can be cooked or eaten raw. Heat tolerant.
Katuk "Sweet Leaf"	1g	\$8.00	A perennial leafy green from the rainforest, loves shade and water. Leaves have a distinct pea flavor and high protein content.
	3g	\$16.00	
Cranberry Hibiscus (<i>Hibiscus acetosella</i>)	1g	\$8.00	Tart leaves have a zingy flavor, great added to salads. A nice contrast to the landscape. Perennial and will self seed. <i>Small plants available now - Red and Pink-flowered varieties</i>
Chaya/Tree Spinach (<i>Cnidoscolus aconitifolius</i>)	1g	\$6.00	Easy to grow, makes edible leaves (must be cooked). Blooms attract pollinators.
Aloe Vera	4"	\$3.00	Nutritious and helps with sunburn relief. Grows well in the shade. <i>Currently only available in 3 gallon size</i>
	1g	\$8.00	
Elderberry (<i>Sambucus nigra</i>)	3g	\$25.00	Native to Florida, beautiful in the landscape. Blooms year round and produces dark edible berries.
Lemongrass	1g	\$6.75	Used often in asian style cooking, and for an invigorating tea. Lemongrass is a pest repellent in the garden
African Potato Mint (<i>Plectranthus esculentus</i>)	6"	\$4.00	Easy to grow ground cover, produces edible roots. SOLD OUT UNTIL SPRING, Seed pieces available
Turmeric - Indira Yellow, Hawaiian Red	4g	\$8.00	Golden spicy rhizome, used in cooking and medicine. Anti-inflammatory properties. Grows well in part shade. COMING SPRING 2020

Natives/Ornamental plants

Pagoda (<i>Clerodendrum paniculatum</i>)	4g	\$8.00	Beautiful red flowering plant, native to Asia. Very tropical looking, tolerates shade
Blue Porterweed	1g	\$8.00	Native shrub, produces stalks of edible deep blue flowers year round. Attracts pollinators.
Cuban Buttercup / Damiana (<i>Turnera Ulmifolia</i>)	3g	\$15.00	Native flowering shrub which blooms bright yellow flowers every morning. Leaves can be used for a relaxing tea, also an aphrodisiac.
Perennial Peanut	1g	\$6.75	Beautiful nitrogen fixing ground cover, yellow flowers are edible. Great alternative to grass.
Fakahatchee Grass	1g	\$6.75	Native grasses are a great addition to an edible landscape. Attracts beneficial wildlife, can be used as chop n drop.
Mexican Bush Sage, purple (<i>Salvia leucantha</i>)	3g	\$16.00	Drought tolerant perennial. Makes bright purple flower spikes, with an attractive smell. <i>Currently unavailable</i>
Comfrey (Bocking 14)	3g	\$10.00	Dynamic nutrient accumulator, used for mulch or compost tea. Part shade. Bocking 14 variety.
Blue Butterfly Pea (<i>Cleome ternata</i>)	4"	\$3.00	Fast growing vine with loads of edible blue flowers. Perennial. MORE COMING SOON
Toilet Paper plant (Blue Spur Flower)	1g	\$6.00	The name says it all - grow your own TP! This cuban oregano relative has velvety soft leaves and a pleasant fragrance. Toilet paper for the apocalypse.
False Boldo	1g	\$6.00	A relative of cuban oregano - fast growing fragrant herb which makes a nice ground cover.
Dwarf Poinciana "Pride of Barbados"	3g	\$20.00	Blooms and foliage look very similar to the Royal Poinciana, but the tree stays dwarfed (8-10 feet). Great in the landscape, attracts hummingbirds.
